

CLARENCE FIRE DISTRICT NO. 1
FIRE APPARATUS USE OUTSIDE THE FIRE DISTRICT

- I. **SCOPE:**
This policy applies when Fire District vehicles leave the Fire District for non-emergency use.
- II. **OBJECTIVE:**
The objective is to set up a standard operating procedure for the use of fire vehicles outside the Fire District.
- III. **DISTRICT GUIDELINES:**
In an effort to eliminate confusion about our fire vehicles leaving the Fire District, the following guidelines are hereby established:
1. The Chief shall request approval of the Board of Fire Commissioners at a District meeting.
 2. Recognizing that occasionally situations arise that do not allow for approval at a meeting, two or more Commissioners may grant approval. This approval shall be reported by the Chief at the next District meeting.
 3. Authority to grant the use of fire apparatus outside the Fire District rests solely with the Board of Fire Commissioners.
- IV. This policy rescinds the Clarence Fire District No. 1 guidelines dated April 8, 2002.
- V. This policy is adopted effective May 9, 2005.

By Order of the Board of Fire Commissioners
